Subject: Invitation to Chemours Meeting/Revised Draft Agenda for Chemours Meeting of Feb 8
Attachments: Proposed agenda for EPA multi_Regional_state meeting.docx

Hi everyone,

Thank you for attending the Region 5 PFAS team meeting earlier this week. Big thanks to Dimitri Acosta who provided us with a wonderful presentation on R5 PFAS source/occurrence mapping info. A copy of his presentation can be found on the PFAS SharePoint Site (on the home page, under "Frequently Requested Documents").

As mentioned during the meeting, you are invited to attend the DuPont/Chemours video conference scheduled for February 8th from 12:30-2:30 pm in the Indiana Conf. Room-12th floor. EPA does not plan to give a presentation but instead the Agency is using this meeting as an opportunity for Chemours to provide Gen X-related information to EPA and the states (see attached draft agenda).

If you or anyone else in your office are interested in attending, please let me know by COB Tuesday as we need to provide an attendees list to EPA-HQ and Chemours.

Thanks!
Kim
